a proposal which was sanctioned by Govt, to the effect that one Asst or Sub Asst Surgeon be posted to the wards for not less than 2 years at a time to be the responsible assistant under the Surgeon in Charge, the other assistants being posted for only 6 months. Thus the primary object of the post graduate course in the Victoria Hospital is to train medical men in Surgery. The curriculum in the medical college perhaps includes books on Surgery and the students of the college perhaps undergo practical training also in Surgery during the Collegiate Course. From the tenor of the Senior Surgeon's letter of 2d July'01 it will appear that training in a recognised institution like the Victoria Hospital under the immediate guidance of efficient medical officers of tried ability does a great deal to secure in the officers trained the requisite skill in Surgery. With this object in view medical officers like messrs W Sreenivasangar, G.S. Daivd & V. Muthu-Sami Doss & others have been made

* In G. O. No 1213-14 of 24/7/01 G. 7 25-97

* now undergoing the Course

to undergo post Graduate Course in the Victoria Hospital.

Before giving effect to the views of the Dewan conveyed in the Under Secretary's note, the Senior Surgeon may, if appd, be consulted as to the feasibility of the proposal as the work of the medical dept ~~would~~ is likely to suffer for some time if the proposed arrangement is ordered to take effect immediately. The ~~Senior Surgeon~~ Senior Surgeon may also be asked 7.2.08 to submit a list of Officers who have undergone the Course and to State (Returns in view of the Dewan's orders) all them may be posted to the District Hospitals.

This factor is borne in mind as far as possible in appointing men to independent district charges as D.M.O.
There would be no harm in making it an absolute rule, but if made it will have to be gradually enforced as there are some there will be deterioration of work.
List of officers who have undergone such a course is herewith returned.
